Subject: excessive antibiotic use
Auto forwarded by a Rule

Dear Ms. Henney:

As a reader of the CSPI journal, I urge you to support a ban on the use of unnecessary antibiotics in animal feed. When used simply to promote growth, bacteria can become resistant to the antibiotics, which could have (and already is having, according to some reports) severe negative effects on human health. Thus, I strongly support the petition filed by CSPI, and I hope that you will too.

Thank you.

Steve D. McLin
